

# CLINICAL LINES OF ENQUIRY

# NATIONAL CANCER PEER REVIEW

- Structure and process
- Outcome measures
  - qualitative
  - quantitative

# CLINICAL LINES OF ENQUIRY

- Lung
- Breast
- Other cancers during 2011

# AIMS OF CLE

- Metrics
- Currently available data
- Stimulate discussion and audit

# SOURCES OF INFORMATION

- National Cancer Data Repository  
Cancer Registry  
HES
- National Audit

# UPPER GI CLE

- Centre Workload
- Centre Services
- Treatment Planning
- Surgery Outcomes
- Survival

- Activity – number of new patients referred annually and number discussed at MDM
- Approaches to data recording – methodology for recording National Core Data Set
- Involvement in National and local Audit – approaches to data entry and evaluation
- Rates of trial entry

# CENTRE SERVICES

- Diagnostics / Staging – availability of PET-CT; MRI; EMR; pancreas biopsy cytology / histology
- Audit of preoperative staging compared with intra-op and postop findings: prediction operability (open and close rates; bypass rates when resection planned)
- Pathology review following surgery
- Dietician support

# TREATMENT PLANNING

- Diagnostics / Staging – availability of PET-CT; MRI; EMR; pancreas biopsy cytology / histology
- Audit of preoperative staging compared with intra-op and postop findings: prediction operability (open and close rates; bypass rates when resection planned)
- Pathology review following surgery
- Dietician support

# SURGERY OUTCOMES

- Diagnostics / Staging – availability of PET-CT; MRI; EMR; pancreas biopsy cytology / histology
- Audit of preoperative staging compared with intra-op and postop findings: prediction operability (open and close rates; bypass rates when resection planned)
- Pathology review following surgery
- Dietician support

# SURVIVAL

- Radical treatment: 1,2 and 5 year
- Palliative treatment: 6 and 12 mo and median
- admissions after palliative treatment (number and length of stay)

# NCIN UPPER GI WORK PROGRAMME

- Registry data
- Peer Review- Clinical Lines of Enquiry
- National Audit  
procedure codes
